

School News

Two area schools have recently joined with the Frankfort Avenue Business Association to develop programs that will encourage an understanding of the skills and talents needed to operate a business. Emmet Field Elementary has begun plans in conjunction with ten local businesses for a Career Day scheduled for early November. Barret Traditional Middle School has developed a proposal for a Business Partnership between the Frankfort Avenue Business Association and the Jefferson County Public Schools that will target students in the sixth through eighth grades.

Such cooperative efforts in the business and education communities will serve to strengthen and broaden the base of mutual support.

BARRETT
